HSNC CAMPUS DEVELOPMENT NEWSLETTER VOL 1

ACCOMPLISHMENTS

- Engaged the Community across multiple demographics
- From Manthan, successfully collected Community Needs
- Ongoing engagement with Town of Morrisville on Campus Development
- Engaged Architects
- 3D Modelling with the Community Leaders and Architects
- Site Plan to start the rezoning process

CAMPUS DEVELOPMENT SITE PLAN

THE TRANSITION IN VISION

The journey transitioned from a need for the Community Center expansion, Cafeteria, and Yagna Shala to a complete Campus Expansion including a grand Temple. The expanded vision now offers to the community a grand temple, multi-purpose amphitheater style Yagna Shala, Kitchen, and Cafeteria to cater to the needs of the Temple, Main Hall, Events of different sizes, and needs of people who need to have Indian food, play/fitness areas, means to socialize, priest quarters and guest houses, parking, multiple purpose community center/sports complex/visitor center/lecture hall, etc.

YOUTH ENGAGEMENT

About 75+ Youth and Young Adults from High Schools, Colleges, and Young Couples are engaged in Campus Development planning and activities.

NEXT STEPS

- 3D Model of the Site Plan
- A unique and Grand Yagna starting the Campus Development during the upcoming Ganesh Festival
- Rezoning application

NEWSLETTER VOL I

MANTHAN

HSNC CAMPUS DEVELOPMENT

FOR THE COMMUNITY AND BY THE COMMUNITY
FOR OUR YOUTH, YOUNG ADULTS AND SENIORS. A
CAMPUS THAT WILL MEET THE NEEDS OF
AMERICAN BORN HINDUS

Weekly townhalls were organized with Manthan Coordinators and Participants to keep everyone informed and connected

TOWN HALLS

MEDIA CAMPAIGNS & COLLABORATION

- Delivered Social Media Campaign using Zoho
- Increased the Community reach
- Microsoft SharePoint and Microsoft Teams platform for team collaboration, communication, and document sharing
- We now have an analytics-based capability to increase our outreach, and expand our team without adding cost to HSNC!

PIZZA PE CHARCHA

- About 150+ people participated in brainstorming on different elements of Campus Development
- Interactive sessions
- Valuable inputs regarding community needs were collected

3D MODELLING FOR SITE PLAN

Full day session was conducted with the Architects, Engineers, Town Representatives, BODS/BOTs, and several community leaders to brainstorm ideas for site planning using a realistic 3D model. The participants were divided into multiple teams, and each of the teams presented their vision on the site plan. This gave the Architects and Engineers a clear idea of the needs of the community and as a result, we were able to complete the Site Plan which is a critical step towards rezoning the application!
